Dear Dr. Hale

I really enjoyed meeting you and
want to thank you for your letter and
the photos.

Your invention for completely random
lighting may be valuable. Have you
considered working with an organization
(I am thinking of the Performance Science
Centre, for instance) to have this patented
and commercialized?

I like your realistic paintings and
cannot ~~just~~ judge the abstract works.

I am taking the liberty of keeping 2
photos, sending 2 to Stephen Piggery
(with copy of your letter) and returning
the other 6.

Best wishes
Gordon
