

The Creative Science Centre – Dr Jonathan Hare

Newsletter Summer 2014

Science ideas, information and inspiration

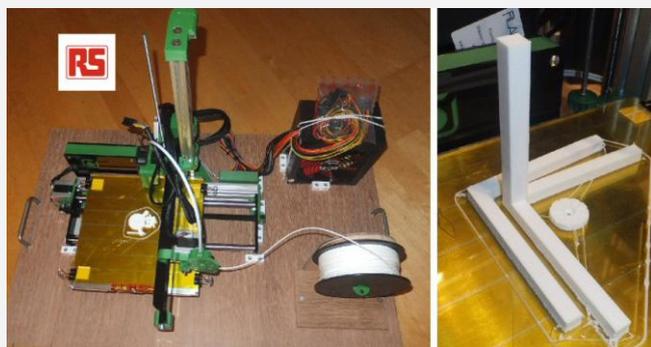

NEW WEB PAGES AND WEB SITES:

GLOVEBOX TV

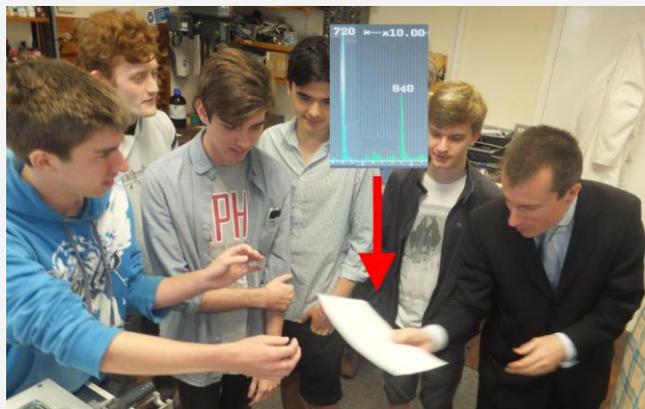

In the last newsletter we introduced the GEOSSET web site. Jess Higgins (Sussex Uni.) and I have recently filmed – GLOVEBOX - a science news program which we hope will become a regular feature ... www.sussex.ac.uk/geoset/

RS Components donate Ormerod Rep Rap Pro 3D printer kit to CSC

I am planning a range of 3D printed CSC experiments and I would also like to be able to help pupils, students and teachers to print their own science based ideas and designs watch this space ☺

OAKLANDS SCHOOL MAKE C₆₀

I've been advising Martin Smith and his A-level class (Oakland School, Southampton) to set-up their own C₆₀, fullerene generator. They recently came over to Sussex University with samples to run mass spec with Dr Alaa Abdul-Sada – congratulations on your C₆₀ ☺

FOR DETAILS OF TALKS AND WORKSHOPS I CAN PRESENT AT YOUR INSTITUTION, PLEASE SEE: www.creative-science.org.uk/tandws.html

NEW TALKS:

- * Lighthouses and the Fresnel Lens
- * In search of the Schumann resonance
- * Ten trips to the Haute Savoie

www.creative-science.org.uk

E-mail: j.p.hare@sussex.ac.uk

- * resources * articles * talks
- * workshops * projects * all levels

“Hare is a brilliant communicator: The star of BBC TV’s “Rough Science”; his uniquely imaginative website has hands-on demonstrations, talks and workshops which inspire enthusiasm for science in children worldwide”
Sir Harry Kroto
